

**REED UNION SCHOOL DISTRICT**  
**TECHNOLOGY ASSESSMENT**  
**FOR CERTIFICATED APPLICANTS**

The Reed Union School District's Strategic Plan states:

*“WE WILL CREATE A CULTURE THAT EMBRACES AND BOLDLY UTILIZES  
TECHNOLOGY”*

The purpose of this technology assessment is to evaluate the level of technology proficiency of all applicants seeking a certificated position in the District.

Directions:

Chose one of the two formats below and create an electronic project with the topic, “All about Me and My Background in Teaching.”

- A parent newsletter for the first day of school
- A slide show for Back to School Night

You will have 45 minutes to complete the assignment.

Your project should include a variety of visuals such as columns, charts, pictures or clip art from the internet, a hyperlink, and if possible, a movie clip with sound. This list is comprehensive, but is not meant to be all inclusive. **Your project will be evaluated based upon your ability to incorporate multiple elements into the project.**

After completion of the selected project, you will present your finished project “All about Me and My Background in Teaching” during your interview to answer the first question, “Tell us all about your background and what qualifies you to teach in the district.”
